BOLING

BOLING CHAIR COMPANY, SILER CITY, NORTH CAROLINA 27344

2034-76 Executive Conference Desk 76" x 42"
8" overhang at ends and back.
2030-72 Executive Conference Desk 72" x 36"
6" overhang at ends and back.
File drawer in top position of left pedestal.

File drawer in No. 2034-76 and No. 2034-60 permits two rows of letter files across the drawer. See price list.

2034-60 Executive Desk 60" x 34"
2030-60 Executive Desk 60" x 30"
2030-60-36 Executive Desk 60" x 36"
Above desk with 6" overhang at back only.
File drawer in top position of left pedestal.

2030-60T Table 60" x 30"

2020-60 Credenza 60" x 20"
Center drawer, one adjustable shelf in each pedestal and hinged doors with locks.

The No. 20 Series by BOLING offers significant improvements in styling and construction and a much wider selection of desks and modular components to fit the ever changing requirements of today's offices. With this series, work stations can be "tailored" to fit the needs of the individual and the work flow.

Reinforced 13/16" panels and the elimination of exposed posts provide more usable interior space and more structural stability. The handsome brushed chrome drawer pulls add the touch of styling desired in contemporary offices.

All exposed wood surfaces are of genuine walnut. Tops are walnut grained textured high pressure plastic laminate, self-edged. Panel ends are protected by 1/8" solid walnut. The bottom edges of all panels are protected from mops, sweepers, and moisture by a heavy plastic laminate banding.

All file drawers operate on full extension nylon roller guides and are fitted for legal and letter filing. Box drawers operate on metal guide rails and are equipped with positive drawer stops. Knee drawers have pen and pencil trays.

Adjustable nylon faced glides are standard.

F2030-60C
60" x 30"
Single Pedestal Desk

RECEIVED

MAR 21 1973

GROUP 290

No. F2030-60C may be used in two ways. Alone it is a single pedestal desk with three box drawers, dictation slide, and center drawer. The center drawer controls an automatic locking device. By knocking out two walnut plugs in the front rail, a typing or machine height L-return unit may be readily attached. Both desks and return units are available left or right. No. F2030-60CR illustrated.
